WHO ARE WE?

Music Club NIT Warangal is a student-run club, supported by the college, with a diverse group of talented and well-trained artists.

MC NITW has two major events every year. They usually occur during the two major fests of NITW the Technical fest, Technozion and the cultural fest, Spring Spree.

Now, we are gearing up for our next big concert at Spring Spree on the 28th, promising yet another electrifying experience!

Our most recent event, NOCTURN, which happened on Day 0 of our Technical fest, Technozion, saw a footfall of over 4000 people, with 1500 people at the venue at any given time.

ABOUT NIT WARANGAL

Since our beginnings in 1959 as Regional Engineering College Warangal, we at NIT Warangal have grown into one of India's top technical institutes. Our alumni have made significant contributions to engineering and have also found success in finance, art, culture, and many other fields. As faculty and students, we don't just follow their legacy—we strive to build on it. We strongly believe in the overall development of students, where, alongside our core engineering subjects, art, culture, and heritage play a vital role in shaping our education at this Institute of National Importance.

MUSIC CLUB

WHAT IS OPEN AIR?

Open Air is the flagship concert of Music Club, NITW.

Every year, Open Air by Music Club is one of the most awaited and highly anticipated events of NIT Warangal's Cultural Fest, Spring Spree, one of the largest cultural fests in South India, which boasts a total footfall of around 10,000 and participation from around 600 colleges.

Music Club, in the past couple of years, has only made the events bigger and better. With the support of sponsors and associates, we aim to make Open Air one of the biggest concerts in South India.

Music Club has been an interesting team to work with. Having worked with teams across top engineering colleges in India, I can say that this team has been professional, well versed and efficient in delivering what has been promised to us as a part of the sponsorship agreement for Music Asylum, their flagship event for Technozion '22.
